

ALC FEST '17 LINEUP

The annual ALC Festival is an integral element of the Arts & Culture, Cinema-Communications, Interactive Media Arts, Languages, Literature and Studio Arts Program at Dawson College. The objective of this festival is to celebrate the achievements of ALC students, while introducing their academic and creative work to fellow Dawson students and to the college community at large. In showcasing the works of ALC students in their respective fields, the festival celebrates their accomplishments, hard work, and talent beyond the classroom, and highlights the college's commitment to student success.
